 Entertainments of Physical Culture
 Gymnasium Equipping, etc.

Each of the above subjects is sub-divided, and each sub-division is again divided. A diploma is given the student graduate, and he is placed in a position as a Director of Physical Culture. An Employment Bureau is maintained for this purpose.

Our Academy cost \$50,000 to equip. It is the best appointed in the country. The Gymnasium occupies five thousand square feet of floor space. It is two stories high and well ventilated. The Swimming Pool is ideally located next to the gymnasium. It is 15x40 feet in size, and is filled with Artesian water, heated to 75 degrees Fahrenheit. Turkish, Russian, Electric and many other kinds of bath are given. The Reading and Reclining Room are well and comfortably furnished. Incandescent lights are used throughout the Academy.

Prof. MacLevy is our Managing Director. He made a success of Physical Culture. Without any capital he made over one hundred thousand dollars in ten years. Mrs. MacLevy is in charge of the Ladies' Department. Her reputation is familiar to the readers of this magazine. Alt. F. Clark is our business expert. You have all heard of that great educational Institution—The Correspondence Institute of America, of which he is the founder and President. Richard Palmer, the well-known publisher, who has made this magazine such a success, is on our Advisory Committee.

Our facilities for receiving out-of-town students are excellent. Accommodations are reserved in advance when desired.

Our prospectus is beautifully illustrated. It fully describes the Vim Academy and the Vim Course. It's free. Write for it to-day.
